WOODEN NICKELS

By James A. Brown

The popularity of collecting so called, "Wooden Nickels," is growing and as a sideline to regular coin collecting it provides variety. It is quite inexpensive and makes a colorful display of Americana. Mostly they commemorate a centennial or celebration and are sometimes used as a novelty piece by groups. Usually they have a dateline when and where redeemable and reference is used as a tongue in cheek warning, "Don't take any wooden nickels."

They come in many different sizes both round, square and oblong. The round ones have caused many headaches to the operators where slot machines are legalized. Some round ones actually picture the buffalo and Indian head on alternate sides. The large 3½x7 inch, the size of the old style dollar bill of U. S. currency are sometimes printed with broken bank bills of various denominations. Beautiful but absolutely unspendable as even the original were.

The fad seemingly had its start in the State of Washington during the depression thirties which was the heyday of script and various other emergency forms of money to pay civil employees by other means than cash and were little more than a primmsory note. The original wooden nickl was a very real need and no joke at the time and the town fathers who sponsored them were very much in earnest and really them at the time.

Presently there is no one central place, where wooden nickels are made, sold or printed. By watching coin journals it is possible to learn in advance which town is issuing them for a celebration and so obtain the newer ones. After the celebration is over, any quantity is usually sold to someone who buys quantity lots. There are a number of coin houses who do handle back numbers as a novelty or because they have some colorful quality.

FIRST YEAR ANNIVERSARY

This issue concludes the 12th successful monthly issue of the "Flying Eaglet." Many of you readers may have wondered how the journal got its name. In our first issue we started a "You Name It" contest so that one of the readers could name it and win a \$25.00 cash prize.

Many letters suggested omitting words such as numisma, numismatic, coins and any words pertaining to money, the response of names ran into thousands. After checking the many names sent in from all parts of the nation, the name of The "Flying Eaglet" won. The cash prize went to Mr. John M. Vogl of Elkins Park, Pennsylvania.

I would like one and all to share and celebrate our anniversary, each and every one of the numismatic field had a hand in molding this journal

and help it to make its first anniversary.

I am going to offer for April only, a chance to all interested, to subscribe and take advantage of the 25 monthly advertising wording, by sending me anything of numismatic value for the same price of a subscription and if you like our 25 advertising monthly wording. Here is your chance to get rid of those odds and ends laying around gathering dust, and, in exchange receive 12 monthly issues of coin exchange and up to date news of the coin world. For our present subscribers, if you have not taken advantage of the 25 advertising monthly wording, you are also eligible. This offer is for April only. Let's not wait; rush me those odds and ends! Remember, send anything of numismatic value.

The Bergen County

Coin Club

Held its monthly meeting March 21, 1956. In attendance were 40 members. Presiding officers were: President, William Anton; Vice. Pres. Anton Mayer; Secy. George Meyer, and Treasurer Michael Zingale.

An Auction was conducted by Mr. Zingale and assisted by Mr. Arthur Bloch. Over 50 lots were offered. The gross results were \$250. with 10% being donated to the Red Cross.

Mr. Bloch heads the Gimbels Coin Dept. at Gimbels Dept. Store, N. Y. He also is keeper of the keys in charge of the display cases for the coming Metropolitan N. Y. Convention of May 4-6.

A new member was installed, Walter M. Neil, former Mayor of the Town of Oradel, N. J.

The topic for the next meeting April 18, will be speaker William Dilliston, officer of the First Nat. Bank of Paterson,

N. J., an authority on U. S. paper currency.

The meeting and auction was a success. I might add Mr. James Brown, our writer and myself, were present. The meeting was adjourned 10 p. m.

National Coin Week

To mark National Coin Week which begins April 16, the Newark Museum at 43 Washington St. will place on exhibition some of Mr. Frank I. Liveright's interesting coins from his collection of over 6,000 coins. Mr. Liveright is retired and is an honorary member of the Bergen County Coin Club, a collector of fifty years and is a resident of Westwood, N. J.

Various banks, clubs and other groups will be displaying their interesting collections; why not display your coins and collection too. Conventions, banquets, auction sales are in the making. Starting with the month of April make plans to attend some now and have some fun.

\$50 GOLD COMMEMORATIVE

This is the rare octagonal 1915s Panama Pacific commemorative, design by Robert Aitken. The obverse is of Minerva, the reverse is of an

owl, symbol of wisdom. Only 645 pieces were minted; it values at \$1200.00. A beautiful piece to own.

THE MAIL PROBLEM

It seems like all publishers have their mail problems. I have received inquiries of why the Flying Eaglet arrives late. The March 1, issue circulated was 3,500 and all subs were sent plus 2,000 on March 1, the others a few days later.

I have inquired at the main Post Office for a second class mailing permit which will be pending soon. While there, I inquired about the mail procedures, printing matter sent open goes as 4th class. In an open envelope with 2 cent stamp, goes as 3rd class, and while both of these classes are at the shipping and sorting dept. all first class and other preferred mail are sorted and shipped out first. Evidently, this is the cause of the delay of delivery which would be from 3 to 14 days.

I will be mailing all subs, first class until we receive our second class permit. I have received requests from our readers who want to pay for first class mail service. I will accomodate them if they wish, at their first request.

THE RARE 1856 FLYING EAGLET

I had the pleasure of a visit by Mr. L. Abrams of East Orange, N. J. We had a little discussion about coins. When he displayed a nice specimen

of the 1856 Flying Eagle cent in unc. condition which now brings over \$300. He also displayed over 20 types of gold pieces. Mr. Abrams also has fun designing and making plastic coin holders, picture frames, clock and other curio holders with beautiful colored plastic.

A Mecca for Collectors and Dealers

Observing the March 27th 1956 auction mail catalog of James Incorporated of Louisville, Kentucky, I note an excellent assortment of choice lots of 3,686. These lots consist of many thousands of proof sets, unc. rolls, choice unc. and proof sets of different types, plus paper currency and singles from 1/2 cents type thru gold sets. This auction should do close to a quarter of a million dollars worth of business. I will try to have the results of this auction in our next issue.

Red Cross Auction

The New Jersey Numismatic Society held their monthly meeting March 8, 1956, at their usual quarters, the Military Park Hotel at Newark, N. J. Presiding, were the President Mr. Mershon, Secy T. L. Baskin, and Treasurer Mr. Goodman. An auction was held for the benefit of the Red Cross with the total receipts being donated, which amounted to \$80. Mr. Chistensen volunteered to be the auctioneer and did an excellent job.

Preparations and discussion of the coming Metropolitan New York Convention were in hand. Yours Truly expects to attend this date.

GRADING STANDARD

PROOF—Coin, a mirror-like finish, especially struck for collectors on polished metal blanks and struck by slower hydraulic press to obtain best feature lines.

UNCIRCULATED—Made for general circulation when minted but never reaches circulation. Has a mint lustre, no scratches, rubbings or marks.

EXTRA FINE & A. U.—about same. Coin is about uncirculated, slightly worn on high points and may have some mint lustre.

V. FINE—Has been circulated but all features and lettering are sharp.

FINE—Has all features and lettering but not sharp.

V. G.—Has border rims most features and lines visible.

GOOD—All features and lines worn but visible.

FAIR—Considerably worn.

POOR—Considerably worn smooth, or corroded, good only as space filler.

This grading is used only as a guide to help you and is a general medium used by all dealers and collectors in the Numismatic field.

FOR BEGINNERS who are just starting to collect, here are a few suggestions and some advice. First, a coin guide book is a must. They can be purchased for \$1.00 or more for helpful information: on care, condition, value, amount minted, types, how coins are made, and other news of help and interest. Most coins can be found in circulation. As you are making your set always try to improve the worn coins. Value of coins depends greatly on the condition. Never clean or polish coins unless you are experienced. If you must try, use a common date coin. There are handy cleaning kits available for this purpose. Coin insert folders and other supplies can be obtained at your dealer. You may also notice that the age of old coins do not make them rare. There are some late date coins minted that are worth more than some hundreds of years old. What makes one coin worth more than another are by these factors: Amount of coins minted, availability, collectors demand and any unusual die strikes. Coins can be obtained through purchases, by auctions or trading with collectors. Mint sets can be bought by writing the Treasury Dept., U. S. Office of Treasurer, Washington 25, D. C. at face value, plus postage and handling. To obtain Proof Sets of current year sent \$2.10 money order to Supt. Phila. Mint 16th and Spring Garden Streets, Philadelphia, Pa. You may order as many sets as you wish. Commemorative half dollars are authorized periodically by Congress. These halves when issued are not sold by the mints, they are turned over to a Commission authorized by Congress at face value. The Commission then sells the halves at a premium. The average price of most Commemoratives have been from \$1.00 to \$1.50 each.

PASSAIC COUNTY NUMISMATIC CLUB

Announces the election of new officers for the club. They are: President, Leon Rosenblum; Vice President, Carl Pannicke; Secretary-Treasurer, Joseph De Getto. Meetings are held every 3rd Thursday of each month, at the home of John Picone, 120 Vernon Ave., Paterson, New Jersey. If you are a collector and live in the vicinity why not join the club.

Question-Answer Box

Dear Frank:

I have a question for your
box. All publications seem to
be picturing freak coins. How
do these coins get into circula-
tion? Don't the government
check all coins made?

Gary Himes

Answer:

A check is made, but it is
impossible to check every one.
A certain amount are recov-
ered if bank wrapped. As it is
banks require the money bags
from the Federal reserve banks
and then wrap them for circula-
tion. Persons can acquire
them in bag lots before they're
wrapped.

Postage extra on order of rolls.

We are interested in buying as well as selling rolls.
Send us your offers with best prices quoted in first letter.

SPECIAL NOTICE: It has been our misfortune and undoubtedly everyone has had the same experience, that many of the rolls we have acquired have been candled so to speak, spotted, weak struck etc. and a few even picked out of circulation, especially the 1943 PDS cents. We have just disposed of a large quantity and placed back in circulation, these as well as many other rolls. In the future all rolls we forward purchase will be examined as to being spotted or used. Not all rolls can be brilliant nor so call gems of course, but they must be uncirculated.
